

## **South Africa and Nigeria as top two seeds of the CAVB Continental Cup Men's FINAL**

Preliminary Inquiry & Technical Meeting was held in presence of the six participating countries.

The meeting was attended by the Host NF President Mr. Kaysee Teeroovengadum, the CAVB representative and the Competition referee Delegate Mr. Drago PESLAC who has been assigned to this competition in cooperation between CAVB and CEV for a continuous effort to develop the Beach VB Referees.

At the meeting, the latest African Country Ranking was announced to the Press. The Ranking included the points earned by all participating countries since 2010 during the earlier CCUP sub-zonals and zonals phases, as well as their points in the All Africa Games in 2011.

As the African qualification is a simple elimination draw (with consolation), the teams were placed on the draw based on their ranking, with South Africa and Nigeria seeded as 1 & 2 respectively.

With only six countries represented for the final, both RSA and NGR receive a BYE on their first day of the competition.

Day 1 of the competition will include the best-of-5 format matches between Mauritius and Congo Brazza where the winner reaches the Semi-final against South Africa, while the second bracket features Angola and Egypt where the winner plays the Semi-final against Nigeria.

An opening ceremony attended by Mauritius Sports Authorities will also be part of Day 1 program.

In a solid effort by the Mauritius NF, MBC Radio & TV, as well as BBC News Radio were present for the technical meeting. And in coordination with the organiser and the CAVB, a two-hour live broadcast of the final and recording of the event is part of the marketing plan for this competition.

On the other hand, Photographers seemed to take special interest in the Mix-Zone area where the four countries playing on day 1 (Angola, Congo & Egypt) have paused for the camera of the skilful photographers.
